Libertarian Communist Party

Our Philosophy

Our philosophy is libertarian communism or left libertarianism. Our party welcomes Luxemburgists, Autonomists, Open Marxists, Communizationists, Council Communists, Libertarian Trotskyists, Left Anarchists, Libertarian Socialists, and followers of other tendencies (or of no particular tendency) who identify as libertarian communists. Broadly speaking, libertarian communism consists of socialism from below (a term coined by third-camp Trotskyist Hal Draper) rather than socialism from above (Stalinism, for example), a belief in freedom or liberty as the objective of communism, and a strong opposition to all forms of authoritarianism.

Our Chair

We are Democratic in our elections of the party chair who, for the time being, is: Mōšēh 'Ahārōn ḥa-Lēwiy ben Ḥe'rāšē'ī (real name: Mark A. Foster) of [The Multiversal Communist Collective](#).

The list of members is below:
