Sooooo what does this have to do with your being a libertarian communist? Also, if you hate it in the U.S., why not move elsewhere? Or do you not have the means?

Oh, you are an advocate of *America, love it or leave it*. I don't love any country. As I tell my students, what better country to be in, for a communist, than the evil American Empire. The only reason I would leave is laziness. I am not lazy.
