Ah yes Handy Andy Ngo stooping to transphobia bc a trans woman dared to call out someone who was very clearly threatening trans people's lives. What's the matter, Handy Andy? Can't stomach the fact that a trans woman is a better journalist/reporter than you?

Erin Reed @ErinInTheMorn · Mar 17

Lmao, Andy Ngo literally uses a picture from my 2nd day of transition in attempting to "blast" me for accurately pointing out Charlie Kirk's clear threat of violence in saying that men should "take care" of trans people "like in the 50s and 60s."

“America” without the corporations, lying generals and politicians, or bureaucratic oligarchs would \*still\* be a settler colonial project that needs to be destroyed. Fuck America.

**John Jenkins** 🇺🇸 @johnm\_jenks · Mar 14

“Fuck America” is a stupid slogan communists should not embrace.

Fuck the corporations

Fuck the lying generals and politicians

Fuck the oligarchs and their bureaucracy

“Fuck America”? No. We love America. We deeply love the working people, the families, and communities. 🇺🇸

Basically she knew HP fans would be pissed over this and she didn't care. Bc she's made her money off of it. So What does she care? 😞

## JK Rowling says she 'absolutely' knew Harry Potter fans would be 'deeply unhappy' over trans views

Author also said she called her management team and told them 'you cannot argue me out of this'

I know it seems weird to ask... but did JK Rowling actually write or read Harry Potter?

the main take away about the death eaters is not the fact they were made to live in secret. it's their cultish devotion to biological essentialist racial purity??????

Katy Montgomerie 🐼 @KatyMontgomerie · Mar 15  
She really just straight up compared trans people to "Death Eaters", the villains of her books. Even has a little reference to us having to live in the closet  
[Show this thread](#)

When asked what she would say to people who claim she's become like the villains in her books, Rowling said: "I would say that some of you have not understood the books. The Death Eaters claimed, 'We have been made to live in secret, and now is our time, and any who stand in our way must be destroyed. If you disagree with us, you must

die. They demonised and dehumanised those who were not like them.

“I am fighting what I see as a powerful, insidious, misogynistic movement, that has gained huge purchase in very influential areas of society.

In 2020, [@jk\\_rowling](#) said she'd MARCH with trans people if they were discriminated against on the basis of being trans, and yet in the wake of Republicans cheering on calls to "eradicate transgenderism" she didn't even TWEET in support of trans people, because this was bullshit.

**J.K. Rowling**

@jk\_rowling

I respect every trans person's right to live any way that feels authentic and comfortable to them. I'd march with you if you were discriminated against on the basis of being trans. At the same time, my life has been shaped by being female. I do not believe it's hateful to say so.
