I hope that you are having a restful and relaxing evening. To contact me, visit my *Social Media Website*. You are my honored guest number 5759.

I am a tenured full **Professor of Sociology** with Ph.D. (sociology/history), M.A. (sociology), A.B.J./Bachelor of Arts in Journalism (magazines/sociology/English), and A.A./Associate in Arts (English) degrees. Hence, my **pedagogical, self-advocatory, nonviolent resistant, and activist praxis** is a **critical sociology** (public, clinical, and religion), an **advocacy journalism**, and a **radical history**. Throughout, a **new critical theory**, axiologically guided by **ASMÁ**, grounds the praxis.
