The Illuminati plans for London 2012 Olympics
The Illuminati plans for London 2012 Olympics

Hi.

In 2008 I posted a thread about the blatant Illuminati symbology displayed in the Olympics closing ceremony:

Thread: The Burning Tower and the Olympics closing ceremony

The thread (and this one as well) with embedded pictures can be found here as well:

Some of the most obvious symbols were:

The shape of an eye formed by the Bird’s Nest stadium illuminated with red. A burning yellow pupil in the center. The colors of the eye fit the descriptions that some people have given before about how alien reptilian eyes look like. Coincidence?

Note the name of the stadium: Bird’s Nest; a nest to accommodate birds, or perhaps winged reptilians/serpents as we will see in the new video below.

Other things present were manned flying saucers, strange 666 monocycles, and the most important of all: the Babel Tower built from piles of human bodies. They showed a pile of bodies escalating the tower. Then the tower was struck with bolts of lightning (Usain Bolt?) that set it on fire. At this point, the eye becomes red with a “burning” yellow pupil.

The burning tower tarot card, that is often represented being struck by lightning, is interchangeable with the burning tree of life. The bolt of lightning represents the bolt of revelation, revelation to make something unknown known. All the tarot cards contain the same symbolism of a tower being destroyed by an explosive burning force, as also seem in “Nostradamus, The Lost Book”.

The burning tower is the sign of our times: there is an eerie resonance between the smoldering ruins of the World Trade Center and the tarot’s image of a falling tower, representing the collapse of elaborate and desperately held illusions.

From Wikipedia:

"To some, the Tower (tarot card) symbolizes failure, ruin and catastrophe. Each card in the Major Arcana is a result of the past. After the self bondage of The Devil, life is self correcting. Either the querents must make changes in their own lives, or the changes will be made for them."

"The Burning Tower". Scroll to 7:20 minutes in the video:
Now, let us focus on London 2012.

**London 2012 Olympics**

You will be *shocked* by this new video:

London 2012 Olympic Stadium Insight Promo:

We have in this video:

* Flying serpents
* Little birds (remember the Bird's Nest?)
* UFOs
* Mothership
* Huge serpents crawling through the streets of London
* 11:11 (you can see it several times)

By the end of the video, all the serpents, birds, UFOs and the mothership come together to form the London Olympics stadium. There is probably even more symbolism in the meanderings of the stadium, but we already have enough for today.

You can see that the CGI artists are informed about how UFOs move. Notice that the UFOs in the video don't just glide; they zip from one place to another.

**Conclusion**

Remember: it's all speculation.

11 in numerology can represent a portal, like those seen in the movies: with two
columns and an inter-dimensional passage in the middle. 11:11 can represent a portal and its mirror image, much like two portals are necessary for one to cross over between dimensions: one portal in the current dimension and another in the dimension beyond. Is the portal of the "other side" ready to operate? Are the two going to synchronize at 21/12/2012 at 11:11 AM/PM?

Suppose we had the beginning of the activation of an inter-dimensional portal at 9/11 when the towers were burnt. They gathered and probably have been gathering a LOT of emotional energy with that event. These energies started a vortex that will allow a portal to be opened in 2012. Now, here is something that they are building in Dubai:

The Palm Trump International Hotel & Tower:

Doesn't it look like a portal? Construction is scheduled for completion in summer 2011. Does the name Trump reminds you of anything? Of course, Donald Trump! They dropped the original pinnacle tower design:

Looks like an egg to me. It's said that they dropped this project due to the way that shadows were cast on the surroundings.

The Dubai Trump tower is the centerpiece of the Palm Jumeirah (palm islands):

The Palm Jumeirah is an artificial island created using land reclamation by Nakheel, a company owned by the Dubai government. It is considered the Eighth Wonder of the World.

It's amazing what is going on Dubai. There are more construction workers living there than citizens. Check this page on Dubai architecture:

What will be the role of the new London stadium during the 2012 Olympics? I wonder what will be the name of this stadium. Are the energies being invoked by the Illuminati going to manifest in 2012 during the Olympics?

There is obviously a connection between 9/11 and the burning tower symbolism, and even more "coincidences" can be found with numerology. I watched some videos of Rik Clay (R.I.P) and he mentions a lot of stuff.

Another interesting bit: In the 1998 Los Angeles Olympics they closed it with an UFO entering the stadium. An alien appears, looks around and then goes back to the ship. It was totally out of context just like these unnecessary UFOs in the 2008 closing ceremonies and in the new video.

We also have the 2012 Olympics logo that when rearranged results in the word Zion being New Jerusalem. London is believed to be Zion by Rosicrucian Freemasons who rebuilt it in 1666, and USA is believed to be the New Babylon (*NOTE* this needs confirmation). But they have burnt the tower of Babylon in the 2008 Olympics ceremonies, which could mean that USA might lose its supremacy. Does anybody know what the destruction of the Babel Tower could mean? What happened to Babylon?

I cannot interpret more without doing more research, but I can say that the Illuminati seems to be in a hurry to complete the New World Order (or whatever plan they have) until 2012. Who will help them? Who are the piles of bodies escalating the tower? Did they use the soul energy of those who died in 9/11 to empower their plans? A nest for what/who? A portal? Who is going through that portal? Are we going to have UFOs showing up? A false first alien contact? A false alien invasion? Are they preparing the subconscious of people? Are they guiding people to that particular scenario that they need to manifest? Am I seeing things?

<td>It does make me nervous talking about the ZION games in 2012, after Rik Clay's apparent 'suicide'. I think he touched a few raw nerves there. I'm hoping the whole Illuminati will be well crushed by then and we will be watching the Shot Put with Gordon Brown's head. Intriguing times ahead.</td>

Re: The Illuminati plans for London 2012 Olympics

KC: So you’re saying the Illuminati are planning to let loose nuclear bombs around the time of 2012. They are going to unleash them?

LZ: There will be some very big happenings, especially because they will be triggered by... Unfortunately, some very serious events might happen around the Olympics of 2012, in England, which seems to be...
